City Lights Books, United States, 2012. Paperback. Book Condition: New. 178 x 127 mm. Language: English . Brand New Book. In his official response to the attacks of September 11, George W. Bush invoked the Crusades, tapping into a centuries-long history of fear and aggression. The West s longstanding perception of Islam as a threat has taken on new and more complex implications in the twenty-first century, as years of migration and resulting demographic shifts have brought the enemy within Western borders. Virulent opposition to the planned construction of an Islamic center near the 9/11 attack site in New York City reveals much about the intensity of public sentiments simmering just below the surface. As the United States and countries across Europe struggle with a resurgence of unexamined fear and antagonism, often directed against their own citizens, the imperative for better understanding could not be greater. Crusade 2.0 examines the resurgence of anti-Islamic sentiment in the West and its global implications. John Feffer discusses the influence of three unfinished wars --the Crusades, the Cold War, and the current war on terror. He presents a timely, concise and provocative look at current events in the context of historical trends and goes beyond a clash of civilizations critique to offer concrete ways to defuse the ticking bomb of Islamophobia. John Feffer s Crusade 2.0: The West s Resurgent War On Islam offers a brief but effective expose of a social cancer that continues to grow exponentially, in America and Europe, threatening the security and civil liberties of Muslims and the principles and values of Western democracies. --John L. Esposito John Feffer s illuminating and important new work, Crusade 2.0, sheds light on the disturbing phenomenon of Islamophobia in America with a clear-eyed view of history, meticulous research, and persuasive arguments. This accessible...
